09/2019 - 12/2019

Achievements/Tasks

- I was responsible for completing repairs on Cell Phones and Computers brought into the store

ACHIEVEMENTS

Leadership CofC
The purpose of Leadership CofC is to bring students closer to community leaders and issues while emphasizing leadership qualities that are often gained solely through experience. Membership is open for a limited number of students and the selection process includes an initial application and a follow up interview.

Cybersecurity and Russian First Year Experience Mentor
This learning community is for first year students taking Russian and Cybersecurity. The purpose of this community is to help facilitate the connections between Russia and Cybersecurity. As a mentor I help provide resources to assist in student learning as well as speaking to the class to offer my expertise on various topics relating to cybersecurity.

Dataset Organization and Management Mentor
This is one of the required courses for Data Science majors and minors, as well as Computer Information Systems majors. As a mentor I helped provide assistance to help students through the course as well as providing an overview of MapReduce.

Computer Science Department Student Ambassador
I was nominated for by faculty, and then elected as a CS Student Ambassador. "Computer Science Student Ambassadors are a select group of students who have demonstrated outstanding academic achievement and exemplary student leadership. Computer Science Student Ambassadors are dedicated to serving and representing the Department of Computer Science at the College of Charleston."
